A Letter From Our President, CEO, & Chairman

From the beginning, Hershey Entertainment & Resorts Company (HE&R) has been a forward-looking company. Our founder, Milton S. Hershey, was always mindful of how today’s endeavors could positively impact tomorrow. He was a visionary who recognized the impact that we all can have on improving the lives of others. From his founding of Milton Hershey School (MHS) for children in need to building a thriving community for his team members and its residents, Mr. Hershey’s vision was forever directed toward a better future. Today, our Core Purpose is to provide value to MHS. Mr. Hershey’s philosophy of caring for others remains at the core of HE&R and will guide our Environmental, Social, and Governance (ESG) approach, highlighted in this Impact Report. These efforts are a work in progress, and we will continue to listen to the feedback from our team members and our community members to add our goal of continuous improvement with our commitments to ESG.

I am proud of everything that HE&R does for our people, our communities, and our planet. I am also proud of our team members, who continually represent our core values: Devoted to the Legacy, Selfless Spirit of Service, Team-Focused, and Respectful of Others. They accomplish this through volunteering for community organizations, helping people in need, and serving the students, teachers, and staff members of MHS. Through their individual generosity, as well as HE&R’s outreach as an organization, together we make a tremendous difference in our community. While HE&R is in the business of providing world-class service and fun to our guests today, that fun is meaningful only if it helps our communities, and the people in those communities, flourish tomorrow. That is what Milton S. Hershey believed, and we are honored to preserve and continue his legacy.

Thank you,

John Lawn
President, CEO, & Chairman

Our Core Purpose
Milton Hershey School

Milton Hershey School began as a shared vision of Milton S. Hershey and his wife, Catherine, to provide a home and education to poor children. Since 1909, their vision has been a reality: a state-of-the-art campus and a home to more than 2,000 children in need from across the United States.

Today, HE&R is proud to carry forward Mr. Hershey’s vision through our continued support of MHS and its students. Our support includes providing annual dividend payments to help the school operate, giving our time to volunteer with MHS, offering employment, internships, and apprenticeship opportunities so students can begin building their careers; and more.

Mr. Hershey believed that education was the key to helping children flourish and lead happy, healthy, and fulfilling lives. That is why he built MHS, and that is why HE&R remains committed to his vision today.

“The partnership from Hershey Entertainment & Resorts’ team members provides our students with tremendous opportunities that help prepare them for success while at MHS and after graduation from our school. We are so grateful to work with an organization dedicated to providing value to our students and staff members. Every day, Hershey Entertainment & Resorts honors the legacy of our mutual founder, Milton S. Hershey, and his vision to assist children in need.”

- Pete Gurt
President, Milton Hershey School

Giving Back

We contribute value to MHS in many ways. Financial support is provided through our annual dividend, which totaled more than $61 million from 2012 to 2021. Monetary support is just the beginning of the value HE&R provides to MHS. The number of team members who used our MHS volunteer portal increased from 44 in 2018-19 to 511 in 2020-21. Thanks to many of these volunteers, we held three MHS Days at Hersheypark® amusement park during the 2020-21 school year in which students and staff had the exclusive opportunity to enjoy the Park on non-operating days as part of MHS President Pete Gurt’s initiative to offer students and staff safe activities to enjoy off campus.

We also provide MHS with tickets to entertainment shows and cultural events. Every year, each MHS student, and many teachers and team members, receive a Season Pass to Hersheypark.

We are proud of and grateful for our team members’ engagement and volunteerism with MHS. The positive impact on children cannot be measured. It is invaluable.
Project Fellowship
Project Fellowship unites MHS students with HE&R team members, who spend time with children in and away from their student homes. The interactions forge bonds of trust with adults often lacking in the lives of these children. These unique relationships provide mentorship opportunities on both scholastic and personal levels, which supports the “whole child” development approach embraced by MHS. From 2019 through 2021, there were 754 volunteers engaged with 71 homes.

Hershey Project Pathways
This program was launched in 2018, pairing MHS students with HE&R team members whose careers align with their Career Technical Education pathway. Working with their HE&R mentors, MHS students completed multiple projects for the new Hershey’s Chocolatetown® region at Hersheypark: designing landscaping, creating new menu items, building park decor, and more. These partnerships provide invaluable real-world experience, as well as the satisfaction of seeing their work come to life for the enjoyment of thousands of guests.

Engagement for Leaders and Managers
Both MHS and HE&R are committed to expanding educational opportunities and awareness among team members. All new HE&R team members take an MHS Immersion class that introduces them to Milton S. Hershey’s legacy, the MHS mission, and our deep and enduring connection.
Our Focus

HE&R’s focus can be expressed in a simple statement: We exist for the greater good. That greater good includes our people, our community, our planet, and, importantly, our Core Purpose.

Our Core Purpose

Today, more than 110 years after its founding, we continue to support Milton Hershey School in its mission of helping students lead happy, healthy, and fulfilling lives — just as our founder intended.

Our People

We are truly grateful for our team members. We could not do what we do without them. That is why we support them in a variety of ways, from recognition programs, training and development opportunities, and our Employee Support Fund to Employee Resource Groups and an inclusive workplace. When our people flourish, they can help others do the same.

Our Community

To Milton S. Hershey, giving back was a guiding principle and one of his primary reasons for being in business. He once asked, “What good is money unless you use it for the benefit of the community and humanity in general?” It is why our business, team members, and partners contribute their time, resources, and positive energy to our communities so everyone can share in our success.

Our Planet

In 1937, Milton S. Hershey established the first recycling center in Hershey, and to this day, we are inspired by his vision. We remain careful custodians of our planet, committed to conservation and responsible growth so our children and grandchildren can enjoy Earth’s bountiful natural resources.

Every day, HE&R provides fun for our guests — and that fun has a greater purpose. Our ultimate goal is to make sure the fun we are having today helps our people, our community, our planet, and especially our children flourish tomorrow.

Our Company

HE&R has a proud history of exceptional service, generous philanthropy, and, of course, a connection to Hershey’s chocolate. In 1906, our founder, Milton S. Hershey, knew that his chocolate company’s employees needed more than just a factory — they also needed a sweet place to call home. That’s why he built a park to create a more pleasant environment for workers and residents, a different concept from any typical factory town of the time. About 20 years later, HE&R was founded, providing even more ways to make Hershey, PA, a great place to live, work, and play. Over the years, we have grown intentionally and thoughtfully to help add value and meaning to the lives of Hershey residents, team members, and guests, and of course — above all else — to support MHS. Hershey is now one of a kind worldwide destination comprising thousands of employment opportunities, hundreds of events and attractions, countless sweet memories, and one sweet legacy.

HE&R has built a diverse base of operations to deliver on our promise. Today, the organization is a privately held entertainment and resorts company that is made up of four distinct service areas:

- Parks
- Entertainment
- Lodging
- Leisure

Given our shared history, it is easy to confuse us with the company that makes Hershey’s chocolate, known as The Hershey Company. Conversely, HE&R is an experiential brand, and each category of our brand portfolio has been added or expanded on to deliver on our Core Purpose of supporting MHS.

HE&R creates premier entertainment and leisure experiences that make life more fun and enjoyable one moment at a time.
Hershey Entertainment & Resorts Brands

**Hersheypark®**
- Amusement park with 70+ rides and attractions on 121 acres, including 15 coasters and 20+ kiddie rides
- 14 water attractions including a lazy river and wave pool
- New Hershey's Chocolatetown region for guests to play, eat, shop, and gather year-round
- Opened in 1906

**ZooAmerica® North American Wildlife Park**
- 11-acre walk-through zoo home to more than 200 native North American animals
- 60 species from five regions of North America
- Opened as Zoofari in 1978

**GIANT Center**
- Multipurpose indoor venue accommodating up to 12,500 people
- Home to the AHL Hershey Bears hockey club, concerts, basketball, wrestling, and ice shows
- Owned by the Derry Township Industrial and Commercial Development Authority
- Opened in 2002

**Hersheypark® Stadium**
- Most prominent outdoor stadium between Philadelphia and Pittsburgh, accommodating up to 30,000 people
- Hosts the annual Summer Concert Series, PIAA football and soccer games, and more
- Opened in 1939

**Hershey Bears®**
- Longest continuously operating hockey club in the AHL, celebrating their 84th year in 2021-22 season
- More Calder Cup wins than any other team, with 11 championships in franchise history

**Hersheypark® Arena**
- Historic arena fondly known as "the old barn," originally home to the Hershey Bears
- Today it is a multipurpose indoor sports venue that hosts local teams and public skating sessions
- Opened in 1936

Our Approach to ESG

At HE&R, we believe it is our responsibility as members of our local and regional communities and residents of our planet to understand our impact and aspire to do better.

That is why we put forward this Impact Report.

We have taken a two-track approach, highlighting the many programs and initiatives that make up our ESG work while rigorously reporting on the impact of those efforts. Taking both sides together tells the full story of how HE&R’s ESG efforts help our people, our community, and our planet flourish.

This report is built on several components:

• We used the Sustainability Accounting Standards Board (SASB) framework to analyze our business, focusing on the metrics for three categories: Hotels & Lodging, Restaurants, and Entertainment.

• We conducted an internal stakeholder survey to better understand our team members’ perception of our ESG work and to shape our future efforts.

• We identified additional programs, initiatives, and data points unique to HE&R that demonstrate the breadth of our ESG efforts.

• We identified six of the United Nations Sustainable Development Goals (SDGs) that are the most relevant to our business.

We are proud of what we have achieved so far, but our work does not stop with this report. We are committed to improvement and continued progress, living out Milton S. Hershey’s legacy today so our children can flourish tomorrow.

Stakeholder Materiality Survey

To support our inaugural year of ESG reporting, we conducted extensive stakeholder outreach to ensure materiality and relevance with the issues we have chosen to prioritize and measure. Our intent was to ensure that the sustainability priorities we have selected to track and report, particularly our most aspirational ones, are those that have a direct or indirect impact on our ability to create, maintain, or elevate economic, environmental, or social value.

HE&R team members are highly engaged, and we value the quality of their experience and qualitative feedback as among the highest forms of input on our sustainability program. In fact, nearly 70% of the team members surveyed reported feeling highly or considerably supported by their employer, and 90% reported high or considerable involvement in HE&R’s commitment to providing value to MHS. And generally, team members cite high levels of corporate motivation around sustainability priorities.

We asked HE&R stakeholders to select the most important metrics for a sustainability program that reflects the position and spirit of the company. We gathered input on what our team members care about and what they believe HE&R should focus on for the long term and on a macro level.

The stakeholder priorities and feedback helped us determine which of the United Nations SDGs fit into our sustainability program. These goals are a set of 17 aspirational objectives that provide “a shared blueprint for peace and prosperity for people and the planet.” We have identified six SDGs that align with HE&R’s business to help orient our sustainability efforts. The six goals that were selected are material to HE&R’s business, aligned with the spirit of the brand, and reflective of our stakeholder feedback.
United Nations Sustainability Goals

Goal: Zero Hunger
End hunger, achieve food security and improved nutrition, and promote sustainable agriculture
87% of respondents believe HE&R is environmentally conscious, with many of them citing HE&R’s participation in food aid programs such as Cocoa Packs and Hershey Food Bank

Goal: Quality Education
Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
Approximately 99% of stakeholders report involvement in HE&R’s commitment to providing value to MHS

Goal: Gender Equality
Achieve gender equality and empower all women and girls
98% of respondents believe HE&R is actively working to build a diverse and inclusive workforce

Goal: Decent Work and Economic Growth
Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
Workforce safety and labor practices ranked among the top five issues highlighted by stakeholders, selected by 70% of respondents

Goal: Sustainable Cities and Communities
Make cities and human settlements inclusive, safe, resilient, and sustainable
100% of stakeholders reported that HE&R supports their community, with 84% citing high or considerable support

Goal: Responsible Consumption and Production
Ensure sustainable consumption and production patterns
Energy management and food and packaging waste management were chosen by 68% of respondents as most important metrics for an HE&R ESG program of which stakeholders would be proud

To be successful in these key areas, we continue to engage with team members and stakeholders in meaningful dialogue around our sustainability program.

Our goal is to conduct an expanded materiality analysis to ensure that our ESG priorities continue to evolve appropriately.

Further discussion of our SDGs priorities can be found on page 64.
Our special history helps create fun experiences that you can only get in Hershey, which is a key factor in why people choose to visit our properties. But guest and team member safety is our highest priority and at the heart of our company brand. Our commitment to safety is at the very foundation of everything we do, and we recognize that without our success with safety, our guests would rightly choose to visit elsewhere. All our properties have Safety Committees that regularly conduct emergency drills and share relevant information. Team members are offered free first aid/CPR training classes through in-house certified trainers. Team members are recognized for their efforts at a company-wide Employee Safety Awards event. Our safety measures extend to the cyberworld, with processes and practices to protect team member and guest data. And, at Hersheypark, our 80 state-certified ride inspectors are the most of any amusement park in Pennsylvania. With swimming pools at our resorts, Hershey® Country Club, and The Boardwalk at Hersheypark® water park, lifeguard training and swim safety are paramount. That is why all lifeguards receive monthly in-service education, and lifeguard certifications must be tested and renewed every year. Every summer, unannounced audits of the lifeguard staff are conducted to ensure performance excellence. For seven years in a row, Hersheypark has earned the prestigious Platinum International Aquatics Safety Award from Jeff Ellis & Associates, widely considered the gold standard of swim safety organizations.

At all HE&R properties, full-time security teams are deployed to identify and respond to any security concerns. Our security team members receive extensive training, including multiple Certified Protection Professional certifications, globally recognized as the standard of excellence for security management professionals.

Our team also includes members recognized as Certified Safety Professionals (the industry’s most recognized safety, health, and environment certification) and in workers’ compensation, emergency management, parking, lodging, fire inspections, and more.

HE&R maintains close relationships and ongoing communication with local, state, and federal law enforcement. To remain at the highest state of preparedness, we regularly conduct security training exercises with law enforcement agencies. Every day at HE&R is planned, with contingency plans in place, in advance of the day’s activities.

See Something. Say Something.
Across all our properties, team members are encouraged to follow this practice and report anything that seems out of the ordinary. By remaining aware of our surroundings, we can protect our guests, our team members, and our communities.

Digital Safety
HE&R’s Information Security program is aligned to an industry-standard security framework that provides a prioritized set of actions to form an in-depth strategy for reducing risk. Physical and technical controls are implemented in collaboration with third-party industry experts to protect our organization’s information systems. Administrative policies, including a Privacy Policy that is aligned to follow emerging data privacy regulations, protect our team members’ and guests’ data. The Information Security program is regularly reviewed to evaluate emerging technologies and stay ahead of evolving cyberthreats.
Our COVID-19 Response

The COVID-19 pandemic has impacted every one of us, putting unprecedented strain on our team members, families, and communities. We know it has been a very challenging time for everyone, and we are particularly grateful for the perseverance of our team members. Since the first impacts of the pandemic reached central Pennsylvania in early 2020, HE&R’s primary focus was and continues to be to protect the health and safety of our team members and guests while maintaining a measured and safe approach to the continuity of our business operations.

Throughout the pandemic, HE&R’s policies have been guided by the recommendations of health officials, including the Centers for Disease Control and Prevention and the Pennsylvania Department of Health, including closures, capacity limits, and the use of face coverings. In some instances, HE&R’s safety protocols went beyond those recommended or required by health officials to provide the highest level of protection for our team members and guests. Further, we took steps to protect the safety of the Hershey community, partnering with local health officials to host COVID-19 screening and testing at GIANT CenterSM arena and offering vaccination incentives to our team members.

HE&R has a long-standing collaboration with Penn State Health Milton S. Hershey Medical Center. Throughout the pandemic, HE&R worked with Penn State Health to share relevant information with our team members and guests on the virus, preventive measures, testing procedures, and vaccine information.

While all of these measures were vital to protecting health and safety, the pandemic inevitably took a heavy toll on operations like ours in the hospitality sector, especially in its earliest phases. The mandatory closure of our largest operations necessitated a temporary constraint on some of HE&R’s charitable giving. As our operations were permitted to reopen, those temporary limitations were lifted, and we are pleased to begin returning to our normal level of giving back to the community.

We are grateful for the flexibility, patience, and compassion of our team members and guests, as well as the continued support of our community. We continue to be guided by the recommendations from health officials, maintain enhanced cleaning standards, and adapt to changing circumstances. Health and safety have been and will always be our top priority, because to flourish tomorrow we must take care today.
INDEPENDENT BOARD OF DIRECTORS

Ethnic/Gender Diversity
3 out of 5 directors are gender/ethnically diverse

Ethnic Diversity
2 out of 5 directors are racially/ethnically diverse

Gender Diversity
2 out of 5 directors are women

Independent Board Committee Composition
All of our board committee chairs are independent, and all of our committees include 100%, or a strong majority, of independent directors.

Our current Independent Board of Directors have experience in the following industries:
- Hospitality
- Lodging
- Travel & Tourism
- Retail/E-Commerce
- Arts & Entertainment
- Restaurants & Food Service
- Sports & Recreation
- Finance
- Real Estate

Corporate Governance and Ethics

HE&R is privately held by Hershey Trust Company as a trustee for Milton Hershey School Trust. We are governed by a Board of Directors, which is composed of independent directors and one management member and led by the company’s senior management team.

HE&R maintains effective governance practices to secure the trust of internal and external stakeholders. Our team members annually must complete the Code of Conduct and Ethics training program, which includes compliance classes throughout the year. Team members must also follow the Conflict of Interest Policy. We provide a confidential compliance hotline and encourage all team members to use it to report behavior that potentially is unethical, unprofessional, or goes against an established company policy. We also ask team members to share suggestions for improvement on the compliance hotline.

HE&R has an extensive Enterprise Risk Management program to thoroughly understand our risk universe and respond to any issues in our risk profile. The process stresses everyone’s responsibility to evaluate, identify, and manage risk at each of our properties.
A Representation of some of the boards, associations, and other entities of which HE&R is a member:

Diversity, Equity, and Inclusion

HE&R exists to support MHS and its Core Purpose of giving children in need a chance to flourish. Milton S. Hershey’s vision for helping children live happy, healthy, and fulfilling lives did not stop at MHS students. He wanted that vision for all children. And so do we, which is why social equity is so important to us at HE&R.

Creating an equitable world is not fast or easy, and we know there is much work to be done. We are committed to doing our part. HE&R’s comprehensive efforts are aimed at cultivating diversity, equity, and inclusion in all we do. We are increasing leadership diversity and are committed to advancing a strong internal culture of advocacy and inclusion. We are building on existing initiatives and creating new programs that open more avenues for team members from diverse backgrounds. For our community, we are providing more hospitality experiences that reflect the diversity of our guests.

Having fun and being welcoming have something in common. They make things better. That is why HE&R continually will strive to be a leader in diversity, equity, and inclusion.

Our Commitment

TO ACT

LISTENING
Engaging in dialogue to ensure all voices are heard.

CONNECTING
Provide networking and awareness through our multi-ethnic employee resource group, MERGE.

OUTREACH
Supporting organizations dedicated to racial and social justice reform.

LEARNING
Cultivating a deeper understanding of race and the workplace.

DEVELOPING
Improving representation of Persons of Color at all levels.

Diversity Training
During 2020 and 2021, we incorporated Diversity, Equity, and Inclusion (DEI) training in 945 new hire company orientations. We held seven Embracing Inclusion & Diversity training sessions in 2020. In 2021, HE&R conducted Unconscious Bias discussions at our Hospitality Internship Program (HIP). HE&R also partnered with external DEI professionals for additional training opportunities.

Listening Sessions
HE&R worked with DEI subject matter experts and team members to conduct dozens of listening sessions across our organization. The listening sessions helped to inform our DEI strategy, identify opportunities within the company, and give our team members a forum to voice their concerns, ask questions, and share feedback.

Hershey All Things Diversity
In 2018, HE&R joined a group of prominent local institutions to launch Hershey All Things Diversity. This free educational series is open to the public and presents programming designed to inspire respect, appreciation, and acceptance of differences and belief. It consists of four to five presentations each year.

Partnering With Like-Minded Organizations
To broaden our DEI efforts, we have joined forces with a diverse group of committed organizations: The LGBT Center in Harrisburg, CEO Action for Diversity & Inclusion, Latino Connection, Black Girl Health, Keystone Business Alliance, and more.

We are committed to fostering a stronger internal culture of advocacy and inclusion to help team members share their voices and collectively effect change.
A Letter From Our Vice President and Chief Marketing Officer

The strength and value of any company is in its people. That is especially true at Hershey Entertainment & Resorts (HE&R). Our Core Purpose, our reason for being, is to support Milton Hershey School (MHS).

For over 110 years, MHS has helped generations of children in need to learn, grow, and lead fulfilling lives. This would not be possible without generations of HE&R team members — people who have worked, strived, and sacrificed for the children of MHS. People who have been completely committed to our Core Purpose. Because children who flourish need adults who flourish.

This is why we are committed to developing a workforce that is diverse, welcoming, and well-supported, and why we are devoted to fostering a respectful workplace that empowers our people to thrive. To foster this commitment, we created a DE&I Council comprising leaders throughout the organization.

We believe in championing a culture of diversity, equity, and inclusion because people matter. People make all the difference. And I am so proud and so privileged to be associated with so many wonderful people.

Thank you,

Leslie Ferraro
Vice President, Chief Marketing Officer
A Flourishing Workforce

Our commitment to children is strengthened by developing and supporting our people. For our children to flourish tomorrow, we need adults who can guide them today.

That is why we strive to be the employer people want to work for. We are proud that so many of our team members have stayed with HE&R for so long. We also have nearly 150 Legacy team members, who have dedicated more than 25 years of service to HE&R.

We also offer a breadth of training and development opportunities for our team members, including Courageous Communication, Seven Habits of Highly Effective People, Servant Leadership, and various leadership courses.

We are proud to celebrate our team members — for their commitment to our company and its mission, for the way they treat each other, and for how they ensure our guests have the best experience possible. It is equally important that we support our team members, providing them with the resources and tools they need to live fulfilling lives and advance their careers.

90% of team members surveyed feel “considerably” or “highly” involved in our Core Purpose of proving value to MHS.

28 average number of team members nominated for the Legacy of Excellence Award, which is HE&R’s highest peer-to-peer recognition.

Our commitment to children is strengthened by developing and supporting our people. For our children to flourish tomorrow, we need adults who can guide them today.

That is why we strive to be the employer people want to work for. We are proud that so many of our team members have stayed with HE&R for so long. We also have nearly 150 Legacy team members, who have dedicated more than 25 years of service to HE&R.

We also offer a breadth of training and development opportunities for our team members, including Courageous Communication, Seven Habits of Highly Effective People, Servant Leadership, and various leadership courses.

We are proud to celebrate our team members — for their commitment to our company and its mission, for the way they treat each other, and for how they ensure our guests have the best experience possible. It is equally important that we support our team members, providing them with the resources and tools they need to live fulfilling lives and advance their careers.
Legacy Check Program
This unique program allows team members to recognize the exemplary contributions of peers throughout the company. Launched in 2010, the Legacy Check program has rewarded team members who have gone above and beyond to Own, Anticipate, Delight, or Inspire guests, team members, or the community. Since 2020, over 12,000 Legacy Checks have been distributed.

Employee Recognition Awards
At each property, team members are celebrated with monthly, quarterly, and annual recognition awards. Those earning recognition awards are honored at Town Hall meetings and staff or departmental gatherings.

Legacy of Excellence Award
Beginning in 2000, HE&R has honored one team member annually with the Legacy of Excellence Award, the highest level of peer-to-peer recognition given by the company. It highlights a team member whose efforts best exemplify our commitment to MHS, our focus on service excellence, and our core values.

Tuition Assistance
Tuition assistance is granted to team members who successfully complete courses at an accredited institution.

Employee Support Fund
Created by team members in 2003, the Employee Support Fund (ESF) is a tax-exempt, independent, nonprofit organization that provides immediate, short-term financial assistance to eligible team members who are experiencing financial hardship. Team members can contribute to the ESF through payroll deduction, which HE&R matches. For this reporting period, team members contributed more than $50,000, which assisted 51 of their colleagues.

Employee Resource Groups
HE&R champions the diversity, opinions, and beliefs of team members. Employee Resource Groups unite our team members and foster collaboration, discussion, and, ultimately, action. These groups empower the diversity of thought to impact company culture.
- MERGE
  A multi-ethnic resource group for everyone that hosts educational events, promotes compassionate conversation, and champions the development of people from diverse backgrounds.
- MHS-HE&R Partnership
  A networking group devoted to supporting our company’s legacy by promoting a variety of engagement opportunities with the school.
- Women In Leadership
  A collective of female leaders with a mission to recruit, develop, support, and empower women across the organization.
- Workforce Inclusion
  In-house experts on workforce inclusion with a mission to cultivate a culture where diversity is sought out, respected, and celebrated.
- Young Professionals
  A community dedicated to connecting, strengthening, and cultivating HE&R’s young professionals by creating valuable opportunities to network, learn, develop, and give back.

Caring for Our Team Members
The well-being of our team members is paramount at HE&R. Team members can earn $200 when completing an annual health screening and participating in other preventive care activities. We also prioritize our team members’ financial well-being by offering a company 401(k) match. And, to support mental health, we offer an Employee Assistance Program.
Developing Tomorrow’s Workforce

Our commitment to helping children flourish continues as they grow. As one of the top employers of minors in Pennsylvania, HE&R is equally committed to helping our younger workers develop and thrive. We are privileged to participate in training workers as professionals and raising the workforce of the future.

Hersheypark Leadership Development Internship Program
This program aligns our growing demand for an increased workforce at Hersheypark with an accredited 12-week curriculum focused on leadership development and key competencies designed specifically for this experience. Participants are placed in five departments throughout Hersheypark during our peak summer months. In its inaugural year, the program earned the IAAPA Brass Ring Award for Human Resources Excellence Best Employee Engagement Initiative — Annual Attendance More Than 1 Million. Additionally, 180 students from more than 100 colleges received a leadership development certificate and the opportunity to earn up to three college credits. The accredited curriculum resulted in a 98% graduation rate.

Hospitality Internship Program
The Hospitality Internship Program (HIP) is available to college students pursuing degrees from accredited institutions to support a career in the hospitality & tourism management, food & beverage, and recreation industries. We offer 50-60 positions across our various properties in three areas of concentration — Guest Services & Housekeeping, Food & Beverage, and Recreation. HIP is an opportunity to learn essential management skills, because the interns are an extension of the management team.

International Student Program
The J-1 Summer Work Travel program provides international students with an opportunity to live and work in the United States during their summer vacation from college. In a typical year, HE&R employs about 400 students from over 15 countries through this program. This program both supports our staffing needs and provides a mutually beneficial educational exchange for all our team members, providing opportunities to interact with people from around the world. It also creates a more inclusive environment for our guests who come from many backgrounds and cultures.

Fun Today So Our People Can Flourish Tomorrow
Our local communities serve as the foundation of our society. Every day, we depend on them — for their people, their services, their shops, and their support. Quietly, our communities are shaping us — individuals and businesses alike — every moment of our lives. It is no wonder then that Milton S. Hershey was adamant about giving back to the community.

He believed a flourishing community lifts us all up. Throughout his life, he never stopped acting on that belief. We are proud to continue this enduring legacy, one that improves and enriches the lives of children and families in Hershey and the surrounding area. It is why our commitment to support so many charities, nonprofits, and community initiatives will never waver.

We are also proud of our economic impact. The employment opportunities we provide help grow our communities, and our economic success is rightfully tethered to the communities’ success. In Hershey, we know we can achieve that success only through our collective efforts with our community and stakeholder partners. We are all in this together, and together we can make a positive difference in the lives of those around us.

We are grateful for all the team members, partners, and guests who have gladly joined us in this important pursuit.

Thank you,

Garrett Gallia
Vice President, Communications and Corporate Relations
Supporting Our Community

The people who support our communities are in and of themselves a community. Our team members. Our partners. Our guests. They all play a part. They all make a major difference. They devote their time, resources, and positive energy to bringing lasting change to our communities. Their focus is on supporting nonprofits that benefit children and families in our community directly. And, although the pandemic limited some of our community outreach, we are committed to these partnerships and to getting back to normal levels of financial support and volunteerism. Their commitment ensures the Milton S. Hershey spirit of giving back is alive and very well.

Economic Impact on the Community

The economic impact of HE&R is significant. As a leading employer in Derry Township and Dauphin County, we are proud to play a vital role in growing, developing, and sustaining the local economy both as an employer and as a magnet for tourism and recreation. A recent study calculated that, in an average year, HE&R generates 14,645 jobs, $1.19 billion in annual sales, and $428.5 million in labor income communitywide. Special thanks go to every one of our guests. Without them, this would never be possible. Because, while they are having fun at our properties today, they are helping our community flourish tomorrow.
UNITED WAY
Our company and team members generously support United Way to help address pressing community needs throughout Cumberland, Dauphin, Lebanon, York, and Perry counties. From 2019 to 2021, HE&R’s contributions totaled nearly $247,000.

HE&R DAY OF SERVICE
Martin Luther King Jr. once said, “The surest way to be happy is to seek happiness for others.” To honor his legacy and follow his example, in 2019 we began participating in the national day of service on Martin Luther King Jr. Day. In the first two years, over 200 HE&R team members worked on more than 25 projects from 12 local organizations.

Children’s Miracle Network Hershey
HE&R is proud of our longtime partnership with Children’s Miracle Network Hershey (CMN), a nonprofit that raises funds for children’s hospitals across North America. In 2019, HE&R sponsored the CMN Telethon Phone Bank with a $15,000 commitment, and 35 team members volunteered to assist with phones helping to raise money for the Penn State Children’s Hospital at Penn State Health Milton S. Hershey Medical Center. In a typical hockey season, our Hershey Bears® team conducts hospital visits as part of Hershey Bears CaresSM efforts. In 2021, HE&R donated 75 Hersheypark tickets to CMN families for a day of fun.

Give Kids the World
The nonprofit Give Kids the World fulfills the wishes of critically ill children. We are privileged to support the program with tickets to Hersheypark. From 2019 through 2021, HE&R donated tickets valued at nearly $10,000.

Junior Achievement
Junior Achievement (JA) educates and inspires local students in the areas of business, economics, and STEM. For years, HE&R has supported JA. We donated over $30,000 from 2019 to 2021, helping the organization reach over 77,000 students in the 2020-21 school year, and a number of our team members serve as classroom program volunteers.

Juvenile Diabetes Research Foundation
Since 2002, HE&R has partnered with the Juvenile Diabetes Research Foundation (JDRF), making annual donations of more than $10,000 to support the organization’s fundraising. In 2021, HE&R sponsored a walk at ZooAmerica with a $5,000 match donation. JDRF’s efforts to eradicate Type 1 diabetes are important to many of our team members and their families.

Downtown Hershey Association
The Downtown Hershey Association (DHA) was created to ensure that downtown revitalization flourishes. From 2019 through 2021, HE&R made an annual contribution to DHA.

Corporate giving from 2019 to 2021
For 84 years, our Hershey Bears® hockey team of the American Hockey League have been thrilling fans on the ice. Off the ice, they have long been active in the community, making a positive difference. In 2018, HE&R established Hershey Bears Cares™ charitable initiative, a platform to highlight the organization’s community outreach.

Hershey Bears Cares

Since 2002, HE&R has hosted an annual Teddy Bear Toss at GIANT Center™ arena to collect plush toys for local children. In the 2021-22 season, Bears fans broke their own world record by tossing 52,341 stuffed toys onto the ice, shattering their previous record of 45,650 stuffed toys in 2019. Even when the pandemic shifted the toss to a drive-thru event in 2021, our wonderful fans showed their big hearts. That year brought in 31,381 stuffed animals – the third-highest total in team history up to that point. More than 40 local organizations benefit from the Teddy Bear Toss annually, giving thousands of kids something special to enjoy.

Jersey Auctions

Throughout the Hershey Bears hockey season, jersey auctions are held to raise money for Hospice of Central PA, Vista School, and the American Cancer Society, as well as several other local organizations. In a typical season, the Bears hold about three auctions, each benefiting two to three organizations. During the 2019-20 season, the auctions raised a total of $60,000.

Seats for Soldiers and Veterans

HE&R donated over 17,000 tickets to Bears games to soldiers and veterans during the 2019-20 season.

Support for Youth Hockey Clubs

During the 2019-20 season, we donated 20 helmets, over 20 gloves, and Hershey Bears game socks to the Hershey Heroes and York Polar Bears, both of which are special needs hockey programs. We also donated proceeds from the jersey auctions to the Central Pennsylvania Interscholastic Hockey League and the Palmyra Black Knights.
Nourishing Our Community

At our HE&R properties, we are all in for keeping it local. We source foods from local farmers, which helps sustain them and keeps their farms flourishing — while also reducing our impact on the environment by shortening the distance between the farm and our kitchens.

Our restaurants use local and regional products when possible, including sourcing some meat, produce, seafood, and bread from local and regional suppliers. Devon Seafood + Steak predominantly serves wild-caught fish to limit overfishing.

Milton’s Ice Cream Parlor serves 100% local dairy house-made ice cream, and MHS agriculture students even grow microgreens served at The Hotel Hershey.

We’re particularly proud of our longtime support for Bow Creek Farm here in Hershey. It has been providing high-quality beef to the restaurants at The Hotel Hershey since 2012, and more recently to Hershey Country Club and Hershey Lodge as well.

We are proud to support local and regional suppliers, including:

- Hatfield Emmaus, PA – Pork
- Bell & Evans Columbus, OH – Chicken
- ASK Foods Pottstown, PA
- Bow Creek Farm Hershey, PA – Beef
- Geoff’s Meats Mechanicsburg, PA – Pork
- Lancaster Farm Fresh Lancaster, PA – Dairy & Produce
- The Donnell Beachridge, PA – Provisions
- Roundback Farm Mechanicsburg, PA – Artisanal Cheeses
- Philadelphia Bakery Merchants Philadelphia, PA – Artisanal Breads
- Caputo Brothers Creamery Spring Grove, PA – Cheese Curd
- Morton’s Famous Pastry Shoppe Hershey, PA – Pastries
- Ellis Coffee Company Philadelphia, PA – Coffee & Tea
- Hershey Creamery Hershey, PA – Ice Cream
- Spiral Fields Waynesboro, PA – Lamb (Not Pictured)
- Milton Hershey School Hershey, PA – Commodities
- Seranok Seafood Embrookport, PA – Seafood
- Aboyne Valley Dairy Mechanicsburg, PA – Sheep, Goat Cream
- Critter’s Embrookport, PA – Jordan Peanuts
- Sandy Ridge Farm Embrookport, PA – Sheep
For HE&R, nourishing our community does not stop at our restaurants or our guests. We are also devoted to supporting local organizations and programs that provide food to the hungry and increase food security for our most vulnerable neighbors — a need that came to the forefront during the COVID-19 pandemic.

All of these efforts do more than just sustain our community. They help it flourish.

Cocoa Packs
In August 2021, HE&R partnered with Cocoa Packs, a Hershey-based nonprofit organization serving more than 1,400 food-insecure children year-round through its food rescue program. As of November 2021, we donated an estimated 2,500 pounds of good food to children. Every week, food that normally would be discarded instead is used to nourish children in the Cocoa Packs program. This food-recovery partnership is unprecedented in the Hershey area. As needs have increased in our area, so has the role of Cocoa Packs as it has expanded beyond providing food. We donated 15 boxes of new clothing to be distributed to children in need, and we sponsor the organization’s annual gala.

Hershey Community Garden
Each growing season, HE&R and The Hershey Company maintain a plot at the Hershey Community Garden and donate all harvested produce to area food banks. The garden yielded 3,400 pounds of fresh produce in 2020 and 3,030 pounds in 2021. In 2020 and 2021, the garden produced 1,000 vases of fresh flowers that were donated to local nursing homes. Each year, HE&R also donates funds for garden upkeep and labor to maintain the garden plots and walkways.

Hershey Food Bank
For nine years, HE&R has partnered with Hershey Food Bank to host Feed the Need, an event that has raised more than $1 million for this vital community organization. HE&R continues to provide financial contributions on behalf of team members throughout the year, recognizing the needs of our community members have increased.

Fun Today So Our Community Can Flourish Tomorrow
Our planet is our first home. And, like a home, it is where our children live, grow, and flourish. We must protect it. At Hershey Entertainment & Resorts, we have a deep commitment to treating our planet like a home.

At our properties, in all our efforts, with all our people, we are taking steps to protect our planet. Some measures, such as paperless check-ins and checkouts at our resorts, might seem smaller. Some, like our zero landfill waste, are major. They all matter. Because they all ensure that our first home will be a welcoming place—one where our children and grandchildren can all enjoy equitable access to the majesty of our planet’s natural resources.

I am so proud to work for an organization with so many people who provide fun today that allows for our planet to flourish tomorrow.

Thank you,

Kathleen McGraw
Managing Director, Corporate Communications & Community Relations
Reducing Our Impact: Hershey’s Chocolatetown

The construction of Hershey’s Chocolatetown® region at Hersheypark® had some sweet effects on the environment. It reduced flood risk in three key areas: floodplain management, upstream stormwater management, and topographic modifications. The net result lowered the flood elevation in the project area by four inches. The Hershey’s Chocolatetown project removed the channelized walls, bridges, and other flood impediments, which created a more naturalized floodway and expanded floodplain.

And that is just one example of how we look to reduce our impact on the environment.

Electricity Demand Response
In partnership with our township electric provider, HE&R participates in the Demand Response Program, an energy-saving strategy that goes into effect when there is heavy demand on the electric grid.

Electricity Charging Stations
Both The Hotel Hershey and Hershey Lodge resorts have electric charging stations, providing an important service for our guests who use electric vehicles to reduce their gasoline usage and greenhouse gas emissions.
Company-wide Initiatives

Clean the World
HE&R participates in the Clean the World hotel recycling program. The program collects discarded soap and plastic amenity bottles from hotels and donates these hygiene products to impoverished people. Every year, this helps prevent millions of hygiene-related illnesses and deaths.

Paperless Processing
Since 2019, both The Hotel Hershey and Hershey Lodge resorts have had a paperless check-in and checkout process, which positively impacts forestry.

Plastic Usage
At all our restaurants, we make paper straws available, and we make every effort to avoid using plastic. This also contributes to sound forest management.

E-waste Recycling
In 2020, we collected 7,634 pounds of e-waste for recycling. In 2021, we had 6,434 pounds of e-waste.

Stormwater management
To reduce the flood risk caused by stormwater, HE&R constructed a 110,000-cubic-foot underground concrete storage vault at Hersheypark. This first-of-its-kind facility manages stormwater volume and the rate it gets released into Spring Creek.
**RECYCLING: BY THE NUMBERS**

### 2020

- **64.4** tons of paper
- **6.4** tons of plastic
- **6.4** tons of aluminum
- **22.5** tons of glass
- **193.1** tons of cardboard

- **3,863** Mature Trees
  - Enough to produce 67,861,910 sheets of newspaper
- **1,058** Cubic Yards of Landfill Space
  - Enough to meet the disposal needs of 1,359 people
- **466,976** kW Hours of Electricity
  - Enough to power 44 homes for a full year
- **1,045** Metric Tons of CO₂ Emissions
  - Preventing greenhouse gas emissions
- **1,802,723** Gallons of Water
  - Enough to meet the freshwater needs of 24,036 people for a year

In 2020, our recycling made a difference.

### 2021

- **82.0** tons of paper
- **8.2** tons of plastic
- **8.2** tons of aluminum
- **28.7** tons of glass
- **246.1** tons of cardboard

- **4,923** Mature Trees
  - Enough to produce 69,770,955 sheets of newspaper
- **1,349** Cubic Yards of Landfill Space
  - Enough to meet the disposal needs of 1,242 people
- **595,113** kW Hours of Electricity
  - Enough to power 40 homes for a full year
- **1,331** Metric Tons of CO₂ Emissions
  - Preventing greenhouse gas emissions
- **2,297,387** Gallons of Water
  - Enough to meet the freshwater needs of 21,972 people for a year

In 2021, our recycling measures made an impact.
Responsible Growth

At HE&R, we believe our growth benefits our people, our communities, and especially our children. We also believe that growth must be responsible. At every turn, we are striving to reduce our environmental impact and enhance sustainability through strategies such as water recapture and on-site maintenance. By working with our team members, guests, suppliers, and partners in our environmental efforts, we can provide a cleaner, greener experience while we continue to grow.

Relocating Local Creatures
During the construction of Hershey’s Chocolatetown and the Spring Creek diversion, brown trout and frogs temporarily were relocated to safer upstream areas, another example of how we are committed to responsible growth.

Spring Creek Golf Course
At Spring Creek Golf Course, we are working with MHS to protect the environment through fertilizer chemical reduction, water conservation, and responsible wildlife and habitat practices.

Golf Course Audubon Society Certifications
Both the East and West courses of Hershey Country Club and Spring Creek Golf Course have been recertified by the Audubon Cooperative Sanctuary Program. To warrant our Audubon Certification, many measures and initiatives were activated, including planting flower gardens, building birdhouse boxes, establishing chemical-free zones, and installing wastewater recycling systems.

LEED Certifications
The Hotel Hershey resort received LEED Silver Certification from the U.S. Green Building Council for its Grand Expansion, which included the addition of HarvestSM restaurant & bar and our Westside CottagesSM premium accommodations.
ZooAmerica® North American Wildlife Park is so much more than a captivating educational attraction. The foundation of its operating practices is to protect, promote, and encourage the conservation of wildlife, natural resources, and habitats. ZooAmerica maintains a high standard of animal management and care, along with a thorough commitment to conservation. Essential to the ZooAmerica mission is its effort to teach guests about protecting and nurturing these precious resources. From 2019 through 2021, 25,000 guests participated in a variety of educational opportunities.

ZooAmerica and its staff are active in wildlife protection and environmental conservation. Recent conservation initiatives include a Regal Fritillary Butterfly project, Monarch Butterfly tagging, an on-site pollinator garden, and additional nest box projects for American Kestrels, Prothonotary Warblers, Wood Ducks, and Eastern Bluebirds.

In November 2021, ZooAmerica was once again granted accreditation by the Association of Zoos & Aquariums. This prestigious designation recognizes the Zoo’s continued commitment to maintaining the highest standards of animal welfare and care, conservation, education, and safety, while providing an informative, educational, and entertaining experience.
Data and Performance

This Impact Report marks a shift for HE&R. While it brings our most recent Corporate Social Responsibility report up to date, it also goes a step further by establishing a foundation for our ESG reporting. As such, we see this as a key moment for internal alignment to establish the structures and processes that are necessary to facilitate this reporting on a regular basis.

Substantively, this report spans 2019 to 2021. It includes the most current metrics available as of December 2021, although the reporting periods vary by metric. In the following reporting table, we have listed specific data ranges for each metric to provide for maximum transparency. We will look to standardize this system in future reports.

This report is built on two broadly recognized frameworks: the SASB framework, and the United Nations SDGs. Our future ESG reporting may include expanding into additional frameworks or metrics.

### Supply Chain

#### Footnotes

United Nations Sustainable Development Goals

In 2015, the United Nations established 17 global SDGs as “a shared blueprint for peace and prosperity for people and the planet.” The SDG framework is aspirational in its objective and broad in its scope, providing a vision for the world to rally behind. Achieving these goals by the U.N.’s deadline of 2030 requires all of us to do our part.

While HE&R supports all 17 of the goals, we have identified six SDGs that best align with our business, our Core Purpose, and the priorities of our stakeholders, as discussed on pages 12 and 13. These six are true to both the spirit of the HE&R brand and business, and to the priorities of our stakeholders. This list is not intended to be all-inclusive, as parts of our businesses affect many more SDGs than we have identified here. Rather, this list represents the SDGs that HE&R can make the greatest impact on through our work.

On the next page is a look at how HE&R’s businesses contribute to those six SDGs.
Sustainability Accounting Standards Board Index

The SASB is an independent nonprofit organization that sets standards to guide companies' disclosures of sustainability information. We used SASB frameworks for three industries: Hotels & Lodging, Restaurants, and Entertainment. The index below maps our responses to key indicators from those frameworks.

**Energy Management**

(1) Total energy consumed, (2) percentage grid electricity, (3) percentage renewable

(1) Data table and footnotes, pg. 61
(2, 3) We aim to report these metrics in the future.

**Water Management**

(1) Total water withdrawn, (2) total water consumed, percentage of each in regions with High or Extremely High Baseline Water Stress

(1) Data table and footnotes, pg. 61
(2) HE&R does not operate in any regions of High or Extremely High Baseline Water Stress.

**Labor Practice**

(1) Median hourly wage, and (2) percentage of team members earning minimum wage

(1, 2) Data table and footnotes, pg. 62

**Supply Chain Management & Food Sourcing**

Percentage of (1) eggs that originated from a cage-free environment and (2) pork that was produced without the use of gestation crates

(1) At Hershey Lodge, 100% of shell eggs are cage-free, sourced from Sandy Ridge Farms in Elizabethtown, PA. At Hershey Seafood & Steak, an estimated 50% originate from a cage-free environment.
(2) Our national food source suppliers (Sysco and US Foods) have committed to cage-free eggs and group-housed pigs, dependent on supply and customer demand.

Discourse of strategy to manage environmental and social risks within the supply chain, including animal welfare

“Nourishing Our Community,” pg. 54

We supplement our efforts for local food sourcing with national food source suppliers (Sysco and US Foods) that are committed to providing us with products produced as ethically and sustainably as possible for both the animals and the workers involved.

**Ecological Impacts**

Number of lodging facilities located in or near areas of protected conservation value or endangered species habitat

“Responsible Growth,” pg. 54

Description of environmental management policies and practices to preserve ecosystem services

“Responsible Growth,” pg. 54

**Climate Change Adaptation**

Number of lodging facilities located in 100-year floodplain

None
Hershey Entertainment & Resorts Company is proud to help fulfill the dream of our founder, Milton S. Hershey, by providing value to Milton Hershey School® in its mission of helping students lead happy, healthy, and fulfilling lives - just as Mr. Hershey intended.
